

**Rector of Georgian Technical University  
Prof. Archil Prangishvili,**

*Dear Professor Prangishvili!*

I would like to thank you for a very special and hospitable welcome the delegation of the Białystok University of Technology received at Georgian Technical University in the period of 26<sup>th</sup>-29<sup>th</sup> March 2019.

Moreover, I want to convey my warm congratulations on the international scientific-practical workshop on “European Innovation Technologies in Water Supply and Raceway in Southern Caucasus” which was your successful initiative and our joint undertaking.

The importance of the event was highlighted by presence of the Prime Minister of Georgia, Mamuka Bakhtadze and other high rank scientists and experts from many European universities. Throughout the sessions we could share scientific and practical knowledge, best practices on innovative technologies, the ecology of environment and water resources and much more.

It was also a unique opportunity to discuss issues of our cooperation.

I am glad that our meeting results in further cooperation development for the benefit of our students (students` exchange program) and other joint projects.

I believe that our professional and friendly relations enable us to achieve spectacular successes in the area of education and researches.

I hope I will have an opportunity to repay for your kindness and host you at our university soon.

Last week of November we are celebrating the 70<sup>th</sup> anniversary of founding of our University.

Your presence would a great honor to me. You are cordially invited to celebrate with us the Day of Białystok Universty of Technology which will be held between 25-29<sup>th</sup> November 2019.

I am looking forward to hosting you in Białystok, Poland.

Yours sincerely,

**RECTOR**

*prof. Lech Dzieńis, PhD, PE*
